Data-driven strategic planning	Excellent communication skills	Exceptional organisational skills

PROFESSIONAL EXPERIENCE

Superprof Indonesia

Sep 2021 - Present

Freelance Tutor

Aims to create a learning environment that supports, motivates, and builds students' confidence in exploring the world of programming. Is committed to providing instruction that is structured, interactive, and tailored to individual student needs. Through experience in the IT industry and formal education in the computer field, I want to guide students to achieve success in learning various programming languages, algorithm concepts, and the latest technology.

Bimbingin.id

Jan 2021 - Feb 2024

Data Analyst

Designed and executed an optimized data gathering methodology to enhance the efficiency of data collection processes, resulting in a 20% reduction in project turnaround time. Implemented a standardized data reporting structure, enhancing the accessibility and clarity of key performance indicators (KPIs) across all organizational tiers. This initiative facilitated data-centric decision-making, empowering stakeholders with actionable insights for strategic planning and operational improvements.
